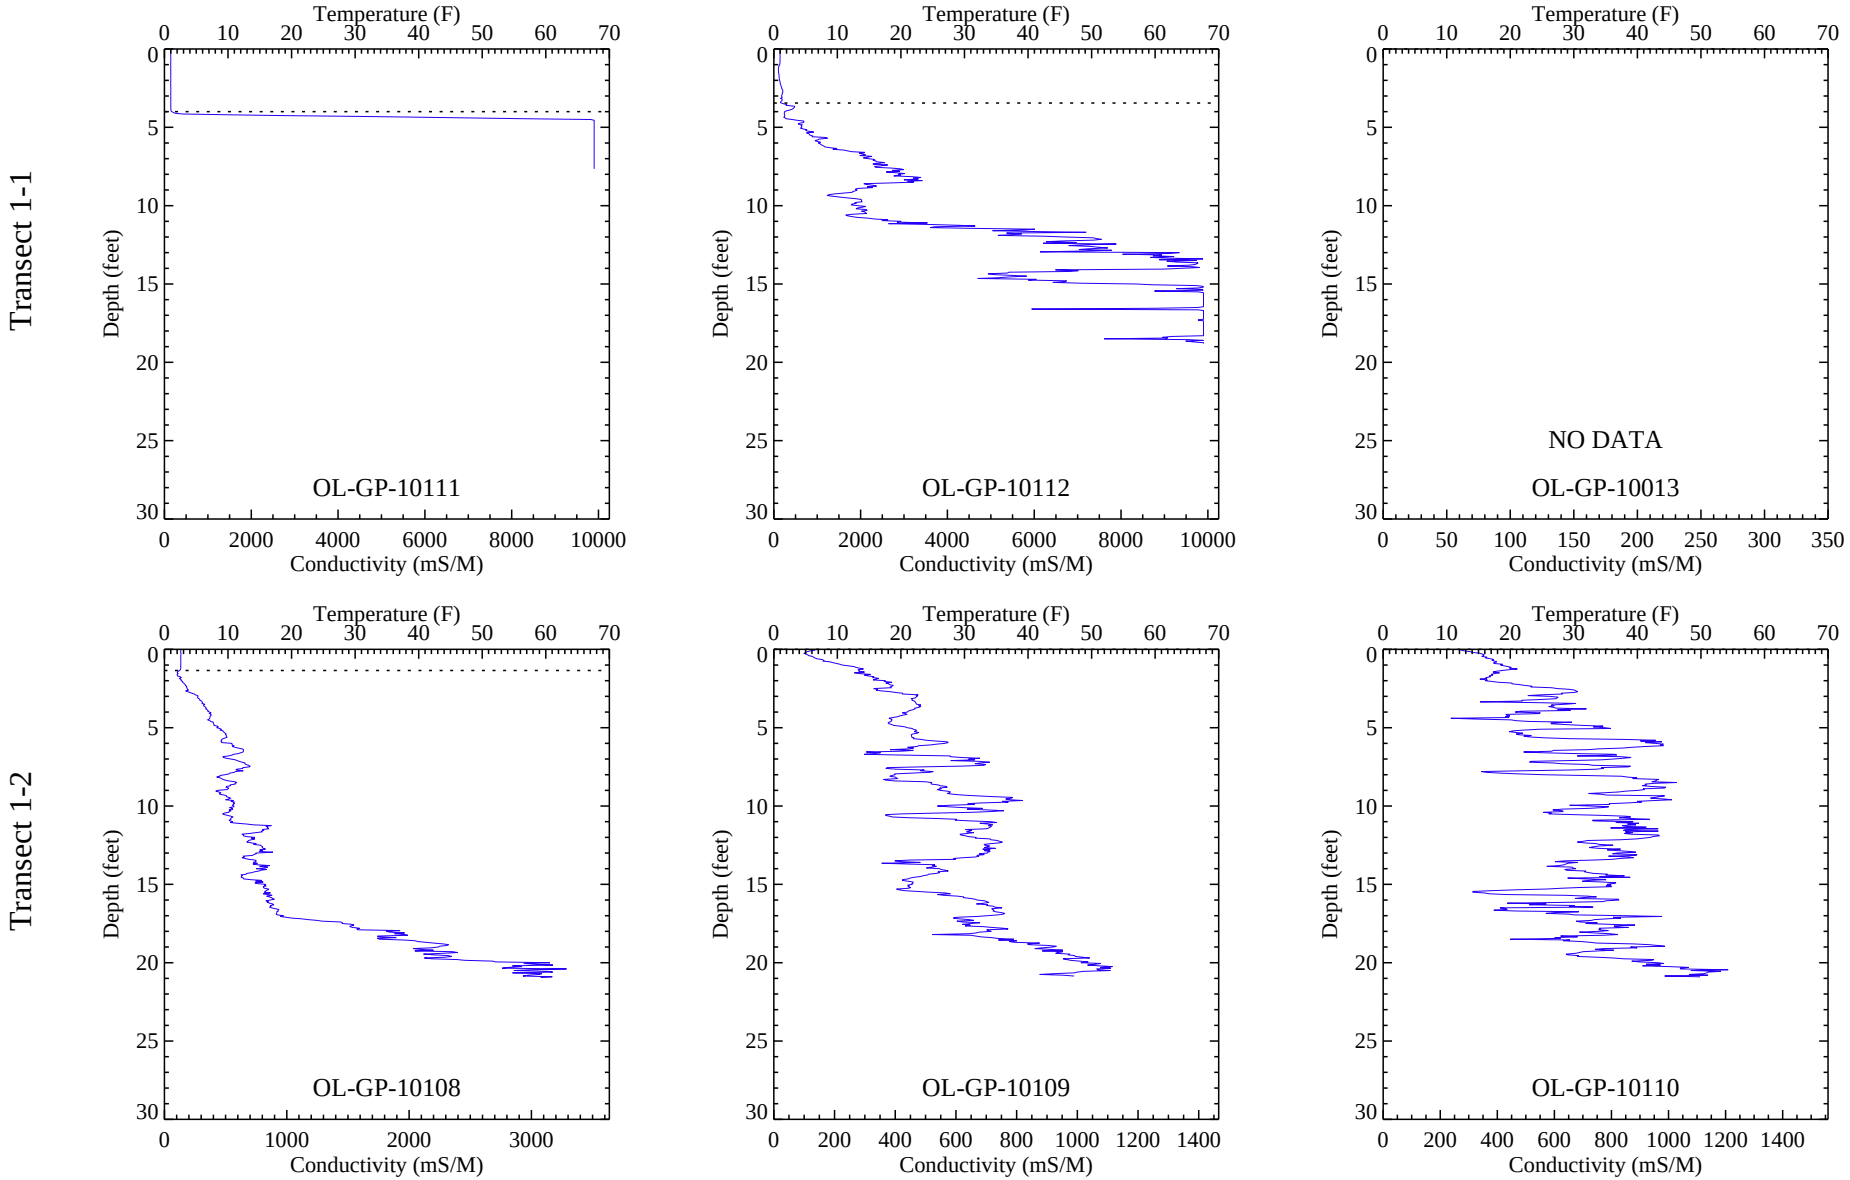
APPENDIX F

GEOPROBE CONDUCTIVITY AND TEMPERATURE PROFILES

(ELECTRONIC COPY OF DATA TABLES PROVIDED ON CD)

SMU 1



Depth profiles of 2006 conductivity and temperature readings in Onondaga Lake.

Notes: Data collected using an FC4000 - Geoprobe Field Instrument - EC. Conductivity measured in milliSeimens per meter (mS/M). Where temperature data is not plotted temperature probe malfunctioned. Where no INTERFACE is not plotted, probe was started at the sediment/water interface.
